Welcome to the Mt St Michael's College Past Pupils' Association.

The object of the Association is the advancement of education in accordance with the educational philosophy of the Sisters of Charity.

In 1925, Archbishop Duhig asked the Superior General of the Sisters of Charity if she would undertake the work of education in the newly formed Ashgrove parish. The old Stewart homestead, "Grantuly", was purchased and the Sisters began their work with the teaching of Catechism after the 9.00 a.m. Mass on Sunday, 31st May, 1925.

The next day, St. Finbarr's School opened in two rooms of the Convent. By 1927, the new Church school on the present site of St. Finbarr's was completed and the Primary School was transferred there, leaving "Grantuly" free for the Secondary Department. The first brick building was erected in 1941, when the name was changed to Mt St Michael's College.

Throughout its history, the College has been renowned for the care and dedication of the staff, many of whom have given years of service to the College and have become part of the family atmosphere that is an important feature of Mt St Michael's.

Mt St Michael's College was founded by women of faith in response to a need. This need was that young women should have the opportunity for an education which would enable them to pursue the ideals of 'Faith and Love' in their personal lives through a study of the traditions and teachings of the Gospels and of classical and contemporary fields of learning.

Many thousands of girls have received their education here. Former students can maintain their attachment to the College through the Mt St Michael's College Past Pupils' Association.

The Association enables past pupils to maintain their ties with the Sisters of Charity and with the Missions established by the College. It also focuses on maintaining the link between the College and former students as well as providing a vehicle for past students to keep in contact with their classmates. Activities include organisation of reunions, publication of a newsletter, providing a scholarship for the education of the daughter of a past pupil and arranges invitations to important events in the life of the College community. In the future, we hope to have an Online Directory so that past pupils can catch up with old friends again.

We extend to you an invitation to join the Past Pupils' Association. We hope to see you from time to time in the future and encourage you to become involved in the ongoing life of the College.
